

***Nordskog Performance Products***

This is our new improved two-wire Oil Pressure Sender. Select one of the poles to connect to ground and the other pole will become the “send” pole going to the signal wire on the gauge. There is no polarity to the poles; they are interchangeable as to which is ground and signal. This new sender will drastically increase accuracy and ease installation. If you have any questions please call our tech line at 805-483-2411 9am-5pm PST. Thank you.
